TO The Legislative Assembly of Ontario: -

Whereas Ontario families and businesses have seen their hydro costs more than triple under the Liberal government since 2003;

Whereas the Liberal government's unaffordable Green Energy Act, the \$2 billion wasted on the smart meter program and the \$1.1 billion wasted on the cancelled gas plants will translate into a further 42% increase in hydro bills over 5 years;

Whereas the Auditor General revealed that the Liberal government has collected approximately \$50 billion over the last decade through a global adjustment tax on hydro bills largely used to subsidize exorbitant green energy contracts;

Whereas the Liberal government has allowed peak hydro rates to increase by 15% on May 1<sup>st</sup>;

Whereas the Liberal government's elimination of the Clean Energy Benefit will mean an average increase in hydro bills of \$137 per year;

Whereas the Liberal government's planned sale of a majority share of Hydro One will mean higher hydro bills;

WE the undersigned petition the Legislative Assembly of Ontario as follows: -

To call on the Liberal government to protect Ontario families and businesses from further hydro increases by applying all proceeds from the sale of Hydro One to the \$27 billion electricity debt and imposing a moratorium on any new industrial wind and solar projects.
